about Mekz

Mekz is a privately owned, UK-based company with its headquarters in Slough and several local offices in Africa (Dakar, Abidjan, Douala and Kinshasa). With 8 languages spoken fluently within the company, we are proud to be a global enterprise.

Over the past 20 years, Mekz has evolved with the needs of Africa and offers a complete suite of tailor-made business solutions with the aim of replacing mass imported products with sustainable, competitive and profitable local production.

At Mekz, we also work in collaboration with world-class market leaders with experience and expertise within their individual market segments. Mekz, along with their partners, can offer high quality, proven products and solutions that are reliable, consistent and competitively priced.
